

Activities Organised by the Disaster Management Cell-2018

A mock drill for disaster management was organized by the Disaster management Cell of St. Bede's College on March 7, 2018. Sh. D.C Sharma, Station Fire Officer, the Mall, Shimla gave a presentation and demonstration on evacuation and first aid in case of earthquake and major fire. He also gave useful tips on extinguishing 'A', 'B', 'C' and 'D' class fires. Case studies of A.G office, Shimla and Deepak Project building were shown highlighting the required fire standards and the lapses. A video of the earthquake and how to save oneself was shown. He also made the students aware about LPG emergencies, fire and explosion hazards. First aid bandages for skull, jaw, chest, knee, elbow, wrist injuries and various emergency methods of rescue were demonstrated. A module was formulated for the college in case of any disaster by Sh. D.C Sharma and his team. About six teams of students were made for various categories who were trained to evacuate and provide first aid in case of any emergency. The Principal, staff and the students actively participated in the mock drill.

Activities Organised by the Disaster Management Cell-2019

The Disaster Management Cell organized Tree Plantation Drive at Five Benches, Jakhu Hills on 3rd August 2018 Shimla in collaboration with Forest Department of Govt. of Himachal Pradesh Shimla. Dr. (Sr.) Beena John, Principal of the College inaugurated the tree plantation drive. Around 140 saplings of Horse Chestnut and Oak were planted. About 150 student volunteers planted the saplings. Refreshment was given to the students.
