2. Inter-Departmental activities

Assistant Professor of Botany gave a lecture to Geography students on Bio-Geography.

Assistant Professor of Geography gave lecture to Botany students on the application of GIS & Remote Sensing techniques in Botany.

3. FILED TRIPS

Field study is very important to understand the various physical and cultural features, and Geomorphic processes as seen in the pictures below. A field survey tour to Kaza was organized for the students of the Geography Department, St. Bede's College from October 5-10, 2019.

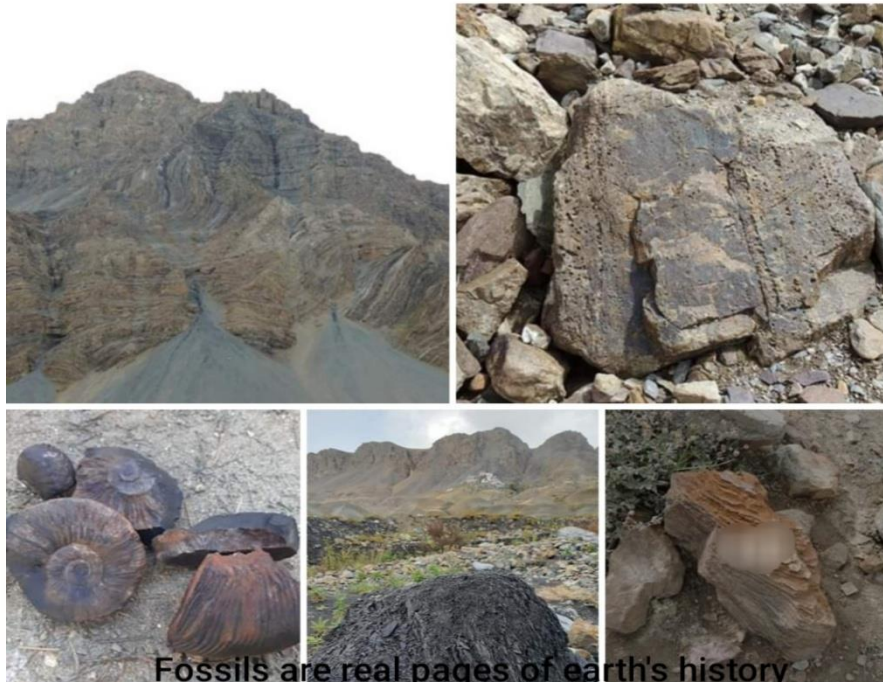

*Department of Geography,
St. Bede's College, Shimla*

Aerial view of Kaza, the head quarter of Spiti. It is situated on an alluvial fan of the Spiti river.

Fossils found & collected by the students during the Field Survey

Fossils are real pages of earth's history

“Rocks are the ticking clock that measure the age of the Earth.”

Second order relief features

*Department of Geography,
St. Bede's College, Shimla*

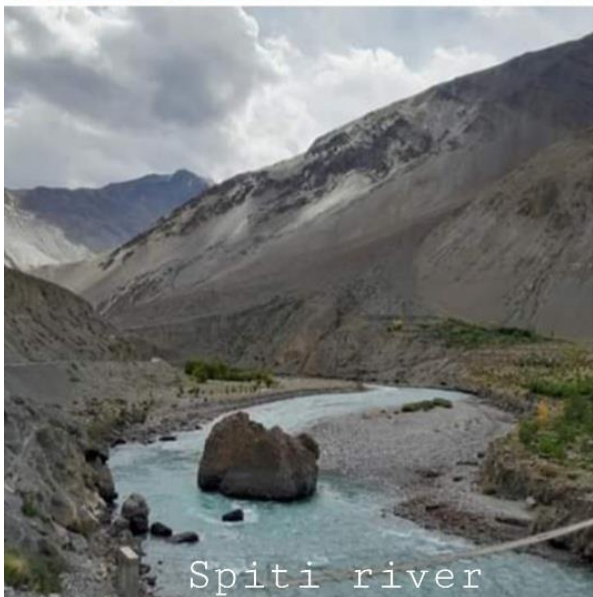

Confluence of Spiti & Parchu river

Spiti & Pin river

Sebak/Rock thorn

Spiti river

Lacustrine deposits

*Department of Geography,
St. Bede's College, Shimla*

Physical features

Group photo of Geographers with the native folks of Spiti during the field survey.
