Bridge Courses

Bridge Course Botany (2020-21)

An online bridge course was organized by Department of Botany on **18 September, 2020** for the students of B.Sc. 1st year. Students were told about the importance of botany and its future prospects as a career. Further they were acquainted to various laboratory instruments and related techniques used in the lab through pictures, presentations and videos.

Due to lockdown, students were encouraged to watch videos of various practicals and instruments sent by teachers. Use of these instruments during practicals will give the students hands on exposure whenever the conditions turn normal. The pictures of following laboratory instruments were sent to them.

- Dissecting Microscope
- Compound microscope
- Binocular Microscope
- Hot Air Oven
- Hot Plate
- Ecological instruments
- Glass apparatus, etc.

M.A. English Bridge Course:

In the three days bridge course for M.A. English students at the beginning of their session, the students are introduced to the world of books. On the first day there is a discussion about literature and its relation to life in general. Also, their interest in reading and critical thinking is sparked. The second day of the course focuses on giving an overview of the syllabus and there is a discussion related to the different genres which are important to understand the conventions of literature. The third day of the bridge course throws light on the varied avenues open to students of M.A. English. This helps them to understand and explore innumerable options available to them after completing their post- graduation.
