An inventory on blood analysis of blood groups was made. This activity was being carried out since 2019. An initiative was taken by the Department of Zoology in collaboration with NCC unit, St. Bede's College to have the database of the blood groups of few college students. For this the blood sample of students were taken in order to check their blood group and then accordingly a database was made with different types of blood groups. The data generated shall be given to the NGO/TRUST SUNIL UPPADHAYAYA EDUCATIONAL TRUST SHIMLA, and the person in need of specific blood group can be helped out as these students would donate the blood as and when required. The same data shall also be shared by IGMC, Department of Immunohaematology and Blood transfusion Shimla. A total of 552 blood samples were analyzed out of which maximum blood group was B⁺ (219 students), followed by blood group A⁺ (131 students), O⁺ (86 students), AB⁺ (81 students), O⁻ (16 students), B⁻ (09 students), A⁻ (7 students), and least number of students with AB⁻ (3 students). This activity done by the Zoology Department would be an extra help to the people in need.
