COMMUNITY OUTREACH CELL
ST. BEDE'S COLLEGE
REPORT:2020-2021

Community outreach activities are intended to engage with people and share knowledge and expertise on topics with the public. This is an active way of engaging with other community members about social issues, problems, and opportunities.

It can be personally rewarding, as well as a big help to our local area by providing needed resources or services. It also allows us to influence young generations to give back to the community. It helps the community to grow in a substantial way. Not only does it make you feel rewarded but helps to spread a feeling of camaraderie.
