Quality assurance initiatives of the institution include

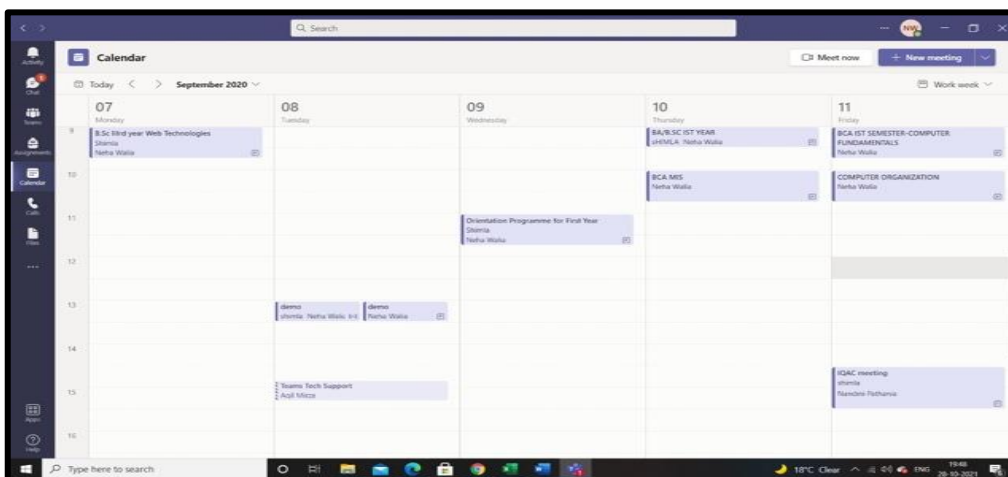

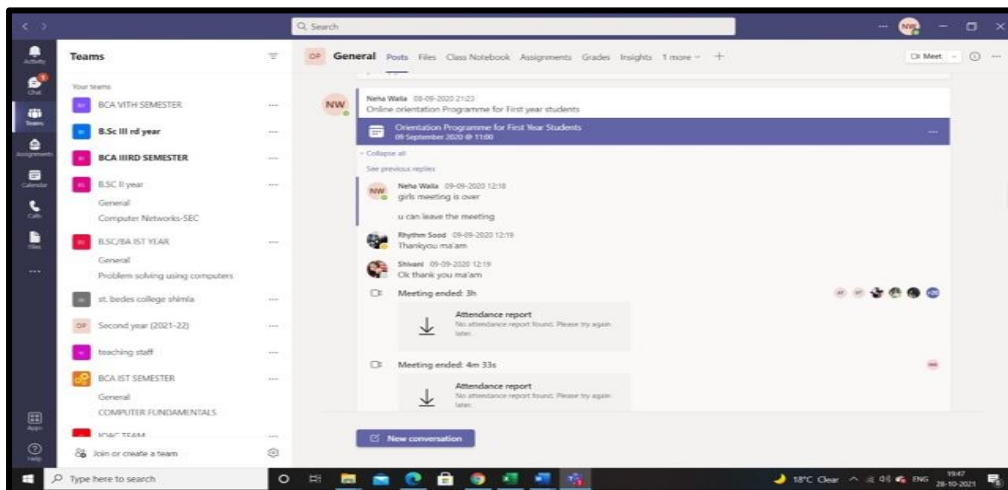

Orientations

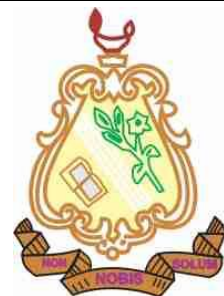

Orientation Programme

On 9th of September, 2020 an online orientation programme through Microsoft teams was organized for students of first year.

In the beginning students were apprised about the college, followed by the code of conduct to be adhered in the college. They were also informed about the subject combinations, attendance rules, leave rules, continuous comprehensive assessment (CCA), and also about various societies and cells. It was brought to the knowledge of students that online classes will be held through Microsoft Teams for which login id and passwords have already been shared with them.

Student Orientation Program

On the 11th September, 2020, an orientation program was organized by the department of biotechnology and microbiology for the B.Sc. (Hons.) Biotechnology and Microbiology first year students so as to make them aware about the academic aspects of the course. They were also informed about the rules and regulations of the college.
