#### VISIT TO SERICULTURE INDUSTRY

1.	TITLE	Visit to Sericulture industry
2.	NAME OF THE CO-ORDINATOR	Dr. Shweta Thakur, Ms. Shiwani Chauhan
3.	ORGANIZING DEPARTMENT/CELL	Zoology
4.	DATE AND DURATION	15-09-2018
5.	NO. OF PARTICIPANTS	34
6.	RESOURCE PERSON	Dr. Baldev Chauhan
7.	OBJECTIVES	The purpose of this field visit was to educate the students about the life cycle of the silkworm and the process of silk production. The visit also provided insight into the cultivation of mulberry, maintenance of the farm, seed technology, silkworm rearing, and silk reeling. The students were able to observe the life cycle of bombyxmori, from the hundreds of eggs laid on leaves to the caterpillar feeding on the mulberry leaves and the cocoon being collected to extract silk. The adults were also collected in jars for observation. The students were also shown illustrations of the equipment used in rearing silkworms, as well as cost-effective methods and the materials required to establish sericulture. The visit also highlighted the application and economic importance of silk culture.
8.	DETAILED DESCRIPTION OF THE EVENT	On September 15, 2018, students from the Zoology Department in their 5th and 3rd semesters visited Naswal village in Bilaspur district to observe the rearing of late age silkworm larvae for cocoon production. They visited the house of Mrs. Sandesh Kumari, a beneficiary of the subsidy provided by the Department of Industries of the Government of Himachal Pradesh for silkworm rearing. Later, they visited the Silk Seed Production Office in Ghumarwin where they saw different equipment and machinery used in early age silkworm rearing and different varieties of Mulberry trees. The students also attended a lecture on "Entrepreneurship in Sericulture" at Swami Vivekananda Govt. College, Ghumarwin, Bilaspur, delivered by Dr. Baldev Chauhan. During the lecture, he informed the students about the

6.	OBJECTIVES	<p>Field studies play a crucial role in understanding the physical and cultural features of a region. The Geography Department of St. Bede's College organized a field survey tour to Kaza for its students from October 5-11, 2019.</p> <p>The primary objectives of the field survey tour were as follows:</p> <ul style="list-style-type: none"> <li>To gather first-hand knowledge about the physical and cultural features of Kaza.</li> <li>To understand the various geomorphic processes in the region.</li> <li>To analyze the impact of human activities on the environment.</li> <li>To recommend policies to minimize the negative impact of human activities on the environment.</li> </ul>
7.	DETAILED DESCRIPTION OF THE EVENT	<p>The students were divided into different groups based on the themes assigned to them. Some groups were assigned to study the physical features of the region, while others were asked to analyse the cultural features. Each group used various methods to gather primary data. They conducted surveys, interviews, and field observations to collect data on the different aspects of their themes. They also used maps, photographs, and other visual aids to illustrate their findings.</p> <p>The physical features group studied the various landforms, including mountains, valleys, and glaciers. They analysed the geomorphic processes that shaped these landforms, such as weathering, erosion, and deposition. The cultural features group studied the socio-cultural practices,</p>

		religion, and traditions of the people of Kaza. They also analysed the impact of tourism on the local culture.
8.	OUTCOMES	Based on the data obtained, each group submitted a field survey report. The reports highlighted the findings of the study, the analysis of the data, and recommendations for policies to minimize the negative impact of human activities on the environment. The reports helped the students to learn about the importance of field studies in understanding a region's physical and cultural features. The field survey tour also helped the students to develop critical thinking, research, and analytical skills.
9	EVALUATION BY PROGRAM CO-ORDINATOR	Overall, the field survey tour to Kaza was a success, and the students gained a lot of knowledge and experience from the tour.

<p>7. DETAILED DESCRIPTION OF THE EVENT</p>	<p>The Science Department of St. Bede's college, Shimla organized a two-day program to celebrate National Science Day-2023 in collaboration with Indian Association of Physics Teachers (IAPT) and Indian Science Congress Association (ISCA), Shimla Chapter on the theme "Discoveries in Science and Sustainable Development".</p> <p>The program was attended by students of various colleges of namely Rajkiya Kanya Mahavidyalaya (RKMV) Shimla, Government College Theog, College of Excellence; Sanjauli, Shimla, Shoolini Institute of Life Sciences and Business Management (SILB); Solan, Rajiv Gandhi Government Degree College Chaura maidan: Shimla, Shoolini University Solan, and St. Bede's College, Shimla.</p> <p><b>Day1</b></p> <p>The First session of the event kicked off with a captivating and informative presentation by Prof. P.K. Ahluwalia, President of IAPT, on the topic "Star Performer of Big Science: Cyclotron". He began by introducing the audience to the life story and notable achievements of Sir C.V. Raman, setting the context for the talk and highlighting the significant contributions of past scientists in the field. Prof. Ahluwalia then delved into the underlying physics of the cyclotron and its diverse applications in various domains such as medical diagnosis and treatment, enabling environmental monitoring, and industrial efficiency. He also emphasized the potential for students to explore and innovate in this area, thereby contributing to the sustainable development of society.</p> <p>During the second session of the day, a film "Cyclotron" was screened to honor Professor H. S. Hans, a pioneer in the field of cyclotron, on his birth centenary. The film chronicled the setting up of the cyclotron by Prof. Hans and his team in Panjab University Chandigarh. Following the film, a quiz was conducted that all students and teachers participated in enthusiastically. This engaging activity helped to reinforce the knowledge presented in the movie and encouraged the participants to learn more about the history and</p>

significance of the cyclotron and its impact on the field of particle physics.

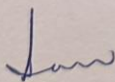

The third session was made meaningful by Dr. Arun Kumar, Assistant Professor Govt. PG College, Bilaspur. He explained a range of different concepts through his demonstrations using low-cost apparatus including induction and conduction, photo electric effect, the concept of centre of mass, Spectroscopy, refraction, diffraction and angle of incidence angle of refraction. The session left the students feeling inspired.

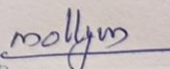

### Day2

This session began with the invited talk by Prof. S.S. Kanwar on the topic Microplastics: Omnipresent Pollutant and Health Issue highlighting the ubiquitous presence of microplastics as a pollutant in the environment. He explained that microplastics are formed from various sources such as plastic item breakdown, microfiber shedding from textiles, and the use of microbeads in personal care products, which make them prevalent in almost every ecosystem on the planet, from the highest mountain peaks to the deepest ocean trenches. Additionally, he discussed the potential health impacts of microplastics on humans and wildlife and highlighted various initiatives that have been launched to reduce plastic waste and promote sustainable production and consumption practices.

Session V was an Inter College Science Quiz Competition. It featured six participating teams including GDC Theog, Shimla; Centre of Excellence, Sanjauli; RGGDC Chaura Maidan; Shoolini University, Solan; RKMV, Shimla and St. Bede's College, Shimla. The questions in the Quiz covered a wide range of scientific fields. The final result of the Quiz competition was: St. Bede's College secured the first position, followed by Shoolini University in second place, and RKMV team taking the third position.

In session VI, Dr. Hemant Kumar founder president of Kalpana Astro Club Nahan delivered a live demonstration using low-cost apparatus that operates on scientific principles.

8.	OUTCOMES	<ul style="list-style-type: none"> <li>• Students gained an understanding of the significant discoveries in various fields of science, including but not limited to physics, chemistry, biology, environmental science, and technology, that have shaped our understanding of the natural world and sustainable development.</li> <li>• Students developed critical thinking skills by critically evaluating scientific discoveries and their implications for sustainable development, including considering ethical, social, economic, and environmental aspects.</li> <li>• Students developed an interdisciplinary perspective by exploring the interconnectedness of scientific discoveries with sustainable development, and understanding how scientific breakthroughs can contribute to addressing global challenges such as climate change, biodiversity loss, and resource depletion.</li> <li>• Students learnt how to apply scientific knowledge to real-world situations related to sustainable development, such as designing solutions for renewable energy, managing natural resources sustainably, and mitigating environmental pollution.</li> <li>• The event helped in cultivating a lifelong learning mindset by developing the skills and attitudes necessary to stay informed about scientific discoveries and sustainable development issues, and continuously updating their knowledge in these areas as they evolve over time.</li> </ul>

## बीड्स कालेज में राष्ट्रीय विज्ञान प्रतियोगिता के विजेता सम्मानित

शिमला, 2 मार्च (ब्यूरो): इंडियन साइंस कांग्रेस एसोसिएशन शिमला चैप्टर के सहयोग से सेंट बीड्स कालेज द्वारा वैश्विक कल्याण के लिए वैश्विक विज्ञान विषय पर राष्ट्रीय विज्ञान दिवस मनाने के लिए दो दिवसीय कार्यक्रम का आयोजन किया गया।

इस कार्यक्रम में कार्यवाहक प्राचार्य सेंट बीड्स कालेज डा. सपना शर्मा और डा. शर्मा मुंजाल ने अतिथियों का स्वागत किया। पहले दिन बिग साटम-साइक्लोट्रॉन के स्टार परफॉर्मर पर मुख्यालय के रूप में आई.ए.पी.टी. के अध्यक्ष प्रो. पी.के. आहुलवालिया ने भाग लिया। इस दौरान उन्होंने विज्ञान और सतत विकास की स्क्रीनिंग की और फिल्म पर ऑन स्मार्ट प्रश्नोत्तरी प्रतियोगिता आयोजित की गई।

एक इंटर कालेज क्रिज प्रतियोगिता आयोजित की गई, जिसमें 6 कालेजों के छात्रों ने भाग लिया। समापन सत्र में प्रोफेसर ज्योति प्रकाश ने मुख्यालय के रूप में शिरकत की।

उन्होंने समाज की भलाई के लिए वैज्ञानिक विकास के उपयोग पर जोर दिया और प्रश्नोत्तरी प्रतियोगिता के विजेताओं को पुरस्कार और प्रमाण पत्र दिए। प्रथम, द्वितीय और तृतीय स्थान सेंट बीड्स कालेज से साधना और अर्चना मलिक ने पहला, शूलिनी विश्वविद्यालय से वैभव राणा और सार्थक शर्मा ने द्वितीय व आर.के.एम.वी. से प्रीति शर्मा और गीतांजलि ने तृतीय स्थान हासिल किए। इस कार्यक्रम में लगभग 250 छात्रों ने भाग लिया।

शिमला : सेंट बीड्स कालेज में आयोजित कार्यक्रम के दौरान संयुक्त चित्र में प्रतिभागी।

### MOCK DRILL- DISASTER PREPAREDNESS

1.	TITLE	Mock Drill- Disaster preparedness
2.	NAME OF THE CO-ORDINATOR	Dr. AnupamaTandon
3.	ORGANIZING DEPARTMENT/CELL	Disaster Management Cell
4.	DATE AND DURATION	12th December 2019
5.	NO. OF PARTICIPANTS	Entire college
6.	OBJECTIVES	On 12th December 2019, as an integral component of the faculty development program on disaster preparedness, a comprehensive mock drill was meticulously organized for the entire college community on the culminating day of the program. The mock drill served as a hands-on learning experience, enabling participants to simulate real-life emergency scenarios and practice the established protocols and procedures, thus reinforcing our institution's commitment to safety and disaster resilience.
	DETAILED DESCRIPTION OF THE EVENT	The Disaster Preparedness & Training session was conducted by experienced trainers from the Home Guard & Civil Defence, Central Training Institution, Sargin. The trainers divided the students into specialized teams, including first aid, search and rescue, evacuation, and fire safety teams. The specialized training in each team helped the students develop their skills and abilities to handle specific aspects of disaster management. <b>Objectives</b> The main objectives were: To raise awareness about disaster management among students. To equip the students with basic skills and knowledge required to handle different types of emergencies.

#### Jashn-E-Miras

Heritage week (14th to 19th December, 2020)

On the the occasion of heritage week, the heritage club, Miraasa brings to you a wide range of competitions to celebrate the rich heritage of India!

1. **Libaas:** dress up and let your alter ego shine

**Concept:** The epics in Indian history are full of characters so diverse and distinct, you are sure to relate to one. Pick a character from any epic that you like and:

- Represent the character through your attire.
- Present the character through words in a form of elocution/ dialogue/monologue

**Rules:**

- The participation is open to all
- The character must be from an

6. **Swaad:** the taste of our heritage  
**Concept:** No matter how relishing pizza and noodles may sound, nothing can make you drool like the secret traditional delicacies only your mother can make! It's time for you to take charge, and show us what you can prepare to make our mouths water. Send us a video of you preparing a traditional delicacy of your locality that is a hidden secret. In short, be that food YouTuber you can't get

2. **Tasveer-e-Paheli:** revisiting our heritage through memoirs and music

**Concept:** How well can you remember these architectural wonders and resonating melodies of the past? We'll find out! Participants will be divided into groups and each group will fight this battle by answering different questions that concern the Indian monumental heritage and Indian folk music

### CREATING YOUTUBE CHANNEL AND INSTAGRAM ACCOUNT TO RAISE SOCIAL AWARENESS

1	TITLE	Creating YouTube Channel and Instagram account to raise social awareness
2	NAME OF THE CO-ORDINATOR	Dr. Shweta Thakur
3	ORGANIZING DEPARTMENT/CELL	NCC and Department of Zoology
4	DATE AND DURATION	Ongoing activity
5	OBJECTIVES	The objectives of creating social media pages are to raise awareness, educate the public, build a community, advocate and mobilize, and fundraise. By using social media platforms to promote social awareness, individuals and organizations can create meaningful change and inspire others to act diligently.
6	DETAILED DESCRIPTION OF THE EVENT	<p>Creating YouTube links and Instagram pages can be a great way for students to showcase their talents, network with others, and engage with an audience. However, it's important to remember that these platforms should be used responsibly and with caution, particularly when it comes to sharing personal information or interacting with strangers.</p> <p>The Zoology department in collaboration with NCC unit during COVID-19 pandemic created a YouTube channel and Instagram account which is being operated till date. All the NCC and Zoology activities are being uploaded from time to time to enhance and encourage the students to apply their knowledge to real-world problems.</p> <p>YouTube Channel Zoology Department <a href="https://www.youtube.com/results?search_query=everybody%27s+zooing+it">https://www.youtube.com/results?search_query=everybody%27s+zooing+it</a></p> <p>Instagram account NCC <a href="https://www.instagram.com/reel/Cpu77DpPonf/?igshid=MDJmNzVkMjY=">https://www.instagram.com/reel/Cpu77DpPonf/?igshid=MDJmNzVkMjY=</a></p>

6.	OBJECTIVES	Objectives of this event were to: Celebrate the block building fundamental contribution of the Indian scientists in the field of science and technology bringing to fore advancements and credible achievements since times immemorial to recorded present. Bring together scientists, researchers, academicians and other stakeholders to foster an immersive understanding of the diverse and enigmatic heritage of India in the field of science. Explore the potential of the knowledge, insights and perspectives of the contribution of the scientists in India in the past and present and tap the potential of nurturing Indian scientific temperament and the possibilities it offers to address the current world challenges.
7.	DETAILED DESCRIPTION OF THE EVENT	On 13th September 2018, the Physics department collaborated with the Indian Science Congress Association (ISCA) Shimla Chapter to host a one-day National Seminar titled 'Celebrating Indian Science: From Past to Future'. The Seminar was aimed at providing an opportunity for students to enjoy the wonderful world of science, satisfy their curiosity, and understand how and why certain things happen around us.  The event witnessed an impressive turnout of around 350 science students from the college,

#### SEMINAR ON "STRESS MANAGEMENT"

1.	TITLE	Seminar on "Stress Management"
2.	NAME OF THE CO-ORDINATOR	Dr. Savita Rana, Dr. Pankaj
3.	ORGANIZING DEPARTMENT/CELL	Management & Geography
4.	DATE AND DURATION	4 <sup>th</sup> October 2019
5.	NO. OF PARTICIPANTS	50
6.	OBJECTIVES	The Department of Commerce & Management, in collaboration with the Geography Department, organized an inter-departmental activity on Stress Management on 4 <sup>th</sup> October 2019. The objective of this seminar was to create awareness about the causes, effects, types, impacts, and ways to manage stress.
7.	DETAILED DESCRIPTION OF THE EVENT	The seminar commenced with an exalting demonstration of presentations and stories by students. The participants discussed the various causes and effects of stress on individuals. They also explained the types of stress and how stress impacts the mental and physical health of individuals. Questionnaires were given to the students to know the causes and solutions to stress. The participants also interacted with the audience and answered their queries. Dr. Savita Rana and Dr. Pankaj espoused and directed the participants. They also conducted an interactive concourse of games and a few tongue twisters, which ignited the inquisitiveness of the participants, audience as well as the teachers. The participants presented some effective ways to manage stress, such as meditation, exercise, and time management.
8.	OUTCOMES	<ul style="list-style-type: none"> <li>• The inter-departmental activity on stress management was a huge success. The participants shared their experiences and offered practical solutions to manage stress. The questionnaires helped in identifying the causes and solutions to stress, and the interactive games and activities enhanced the participation of the audience.</li> <li>• The seminar helped the participants to understand the various aspects of stress and how to manage it effectively. They gained insights into the importance of stress management in daily life. The activity was also helpful in promoting teamwork, collaboration, and inter-departmental coordination.</li> </ul>

<p>7. DETAILED DESCRIPTION OF THE EVENT</p>	<p>From 15th to 20th February 2021, Physics department of St. Bede's College Shimla conducted a six-day online workshop called 'Spreadsheets: A Tool for Developing Mathematical &amp; Computational Skills in UG students'. The workshop was facilitated by three resource persons: Prof. P.K. Ahluwalia, retired Professor of Physics from Himachal Pradesh University, Dr. Sarmistha Sahu, retired Associate Professor from the Department of Physics at Maharani Lakshmi Ammanni College for Women, Bangalore, and Dr. Sapna Sharma, Associate Professor from the Department of Physics at St. Bede's College Shimla. The workshop was organised as a structured class with exposure to problems drawn from physics, chemistry and mathematics in the form of assignments, quizzes and discussion board. Students were also sensitized towards visualisation of scientific data, computing complex problems by developing a schemata for implementing it on spreadsheets.</p> <p><b>Day1:</b>      On the first day of the workshop, the keynote speaker, Prof. P.K. Ahluwalia, delivered an enlightening talk entitled "<i>Developing Mathematical and Computational Thinking of Science Students as per the New Education Policy.</i>" Prof. Ahluwalia began by discussing the importance of mathematical and computational thinking in the current education landscape. He highlighted how these skills are essential for students pursuing science subjects, as they form the backbone of many scientific disciplines. He also emphasized that with the recent changes in education policy, it is crucial to re-examine the ways in which we teach these skills to students. He then proceeded to outline some key strategies for developing mathematical and computational thinking in science students. He stressed the need to integrate these skills into the curriculum, rather than treating them as separate subjects. He also discussed the importance of creating an environment that fosters curiosity and encourages students to ask questions, experiment and explore. Then he shifted his talk on the topic <i>Spreadsheet: Overview of a Killer Application.</i></p>

He highlighted how spreadsheets is a fundamental tool in today's workplace, with applications ranging from budgeting and financial analysis to project management and data analysis and have evolved into sophisticated software packages that can handle complex calculations, data manipulation, and visualizations such as charts and graphs, which can be used to present data in a meaningful way.

### Day 2:

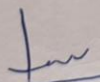

On the second day of the workshop, Prof. P.K. Ahluwalia delivered a talk titled "*Beyond a Simple Worksheet: Macros, User-Defined Functions, and Subroutines*". He highlighted the various powerful tools available in Microsoft Excel that can help automate and streamline workflows beyond the basic functions of a worksheet. By using these tools, productivity can be increased, and time can be saved. During the talk, Prof. Ahluwalia demonstrated how to create a macro using the Macro Recorder tool in Excel. This tool records the actions performed and generates a Visual Basic for Applications (VBA) code that can be replayed later. The code can also be edited to customize the macro to suit specific needs. Additionally, he explained the process of creating a Subroutine by writing VBA code. This enables users to create more complex and customized functions to perform specific tasks.

"An Undergraduate Computational Physics Course: Implementation Using Spreadsheets".

### Day3:

Dr. Sapna Sharma discussed the implementation of an undergraduate computational physics course using spreadsheets. She emphasized the advantages of using spreadsheets in teaching fundamental concepts of computational physics, such as ease of use, versatility, and a familiar interface. By taking a hands-on approach to learning, students can gain a better understanding of the underlying physics and the practical application of numerical methods and data analysis. The topics discussed were:

- Spreadsheet & its Features
- Data entry into a spreadsheet.

- Performing basic mathematical tasks in a spreadsheet.
- Insert charts/graphs in a spreadsheet.
- Exercises in spreadsheet.

#### Day 4:

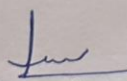

On Day 4, Dr. Sapna Sharma gave a presentation on the importance of error analysis in laboratory work and how spreadsheets can facilitate this task. The topic was *"Spreadsheet as a tool Kit for Science Laboratories: Data Handling and Error Analysis"*. During her talk, Dr. Sharma covered a range of topics related to error analysis, including types of errors, ways of expressing errors, propagation of errors, absolute and fractional uncertainties, and combining errors in formulas. She also provided practical examples of how spreadsheets can be used to perform error analysis, such as assigning values to variables and evaluating the uncertainty of results.

#### Day 5

On the fifth day of the event, Dr. Sarmishtha Sahu gave a presentation on the topic *"Trouble Shooter of Physics: Classical and Quantum Oscillator"*. During her talk, she emphasized the versatility of spreadsheets as a tool for modeling, analyzing, and visualizing Classical and Quantum Oscillator systems. By utilizing spreadsheets, researchers and professionals in the field can enhance their understanding of these systems and make more precise predictions regarding their behavior. Dr. Sahu's talk shed light on the potential of utilizing spreadsheets in Physics research and provided insights into how this tool can aid in problem-solving.

#### Day 6

On the sixth day of the event, Dr. Sarmishtha Sahu presented an intriguing topic titled *"Hitting the Bull's Eye: Let's Calculate Pi ( $\pi$ ) Using a Monte Carlo Approach"*. In her presentation, she discussed a unique and engaging method of calculating the value of Pi ( $\pi$ ) using statistical analysis through random sampling, also known as the Monte Carlo approach. She provided step-by-step instructions on how to use random sampling to estimate the value of Pi ( $\pi$ ) through a Monte Carlo

Hence, individuals can achieve a more precise value of Pi (<math>\pi</math>) by incorporating a greater number of points in their statistical analysis. Overall, Dr. Sahu's presentation provided a unique and interactive approach to learning about the value of Pi (<math>\pi</math>) through statistical analysis.</p>

The screenshot shows a Google Meet interface. At the top, the browser tabs include 'Google Meet', '(1) WhatsApp', and 'Meet - zvp-kvyn-sbr'. The address bar shows 'meet.google.com/zvp-kvyn-sbr'. The meeting title is 'PK Ahluwalia is presenting'. The main content is a presentation slide with the following text:

### My Grand Vision

- Computational thinking will be a fundamental skill used by everyone in the world by the middle of the 21<sup>st</sup> Century.
  - Just like reading, writing, and arithmetic.
  - Incestuous: Computing and computers will enable the spread of computational thinking.
  - In research: scientists, engineers, ..., historians, artists

Below the slide is a video thumbnail of Jeannette Wing with the text 'Jeannette Wing on Computational Thinking' overlaid in orange. The right sidebar shows a grid of participants: You, PK Ahluwalia, Sarmistha Sahu, vijay kumar Sanoria, Nivedita Thakur, Anchal Thakur, Nidhi Sharma, Samriti Mehta, and Hemanjali Sharma. The bottom toolbar includes 'Meeting details', mute, video, chat, captions, and a list of participants.

The screenshot shows a Google Meet interface. The main window displays a presentation slide titled "A Typical Spreadsheet" which shows a Microsoft Excel spreadsheet. The spreadsheet has columns for "Time", "Speed", "Distance", and "Acceleration". Below the spreadsheet is a graph titled "Position vs Time" showing a curve. The meeting controls at the bottom include a microphone icon (muted), a video icon (off), and a chat icon. The meeting details panel on the right shows 82 people in the meeting and a list of participants with their last activity times.

3.	ORGANIZING DEPARTMENT/CELL	Department of Botany
4.	DATE AND DURATION	M.Sc IV Sem- 2022
5.	NO. OF PARTICIPANTS	17
6.	OBJECTIVES	The aim of conducting flora and ethnobotanical studies is to deepen students' comprehension of the plant kingdom and the interdependence between humans and plants, with the objective of advocating for the preservation of indigenous medicinal plants and their eco-friendly utilization.
7.	DETAILED DESCRIPTION OF THE EVENT	The methodology for conducting flora and ethnobotanical studies usually includes several stages, such as selecting a study area, conducting field visits, documenting, and identifying plants, collecting ethnobotanical data, analyzing the data, and preparing a detailed report. During flora studies, the collected data is analyzed to determine the plant species' composition, distribution, and diversity in the study area. In contrast, during ethnobotanical studies, the data is analyzed to identify the usage patterns of different plant species and document the traditional knowledge associated with them.
8.	OUTCOMES	The study of flora and ethnobotanical studies can achieve a variety of outcomes, including: <ul style="list-style-type: none"> <li>• Developing knowledge of plant identification and classification, as well as the use of various identification tools.</li> <li>• Learning about traditional knowledge related to the use of plants for different purposes, including food, medicine, and cultural practices.</li> <li>• Developing research skills, such as plant collection and identification, ethnobotanical data collection, and data analysis.</li> <li>• Increasing awareness of the importance of conserving plant biodiversity and the role of plants in sustaining human societies and ecosystems.</li> </ul>

#### BRAINSTORMING SESSION ON GST

1.	TITLE	Brainstorming Session on GST
2.	NAME OF THE CO-ORDINATOR	Mr. Manu Mahajan
3.	ORGANIZING DEPARTMENT/CELL	Commerce and Management
4.	DATE AND DURATION	November 4, 2022
5.	NO. OF PARTICIPANTS	59
6.	OBJECTIVES	The primary objective of the event was to enhance students' comprehension of the impact of GST. Additionally, it aimed to promote understanding of GST and the challenges related to its execution.
7.	DETAILED DESCRIPTION OF THE EVENT	On November 4, 2022, the Department of Commerce and Management organized a brainstorming session on Goods and Service Tax (GST) for the students. The keynote speaker for the event was Dr. Punam Thakur, Assistant Commissioner of the State Taxes and Excise Department in Shimla. The event aimed to raise awareness and increase understanding among the students about the implications of GST. Dr. Punam Thakur explained the basic concepts of GST, its benefits, characteristics, and various tax slabs. She explained how GST has replaced multiple taxes simplifying the taxation system in India. The presentation was highly informative, and students gained a clear understanding of the concept of GST. Dr. Thakur made the session interesting and engaging by asking questions to the students. The students actively participated in the discussion.
	OUTCOMES	The students understood the basics of GST, various slabs and problems related in its implementation. The session also guided them to explore career prospects in the same field.
