SEMINAR ON TALLY ERP

SEMINAR ON "TALLY ERP"

The Department of Computer Science organized a seminar on "TALLY ERP" for PG and UG students of the department of Commerce and Management on September 24, 2019. The resource person for the seminar was Ms. Poonam Thakur from Sai Digitech Institute, Lakkar Bazaar, Shimla.

Objective- The objective of the seminar on Tally ERP was to provide them with an understanding of the features and functionalities of the Tally ERP software, which is widely used for accounting and financial management. The seminar aimed to familiarize the students with the working of Tally ERP, its applications in various business scenarios, and how it can be used to simplify accounting and financial management tasks. The objective was to equip the students with practical knowledge that they can apply in their future professional endeavours.

The seminar started with an introduction to Tally ERP and its importance in the field of accounting. Ms. Thakur then explained the various features of Tally ERP such as creating company, ledger creation, voucher entry, bill-wise entry, inventory management, financial statements, banking transactions, and payroll accounting. She also demonstrated the software to the students to help them understand the functioning of Tally ERP.

The students were given practical knowledge about how to use Tally ERP and its various features. Ms. Thakur also shared tips and tricks to effectively use Tally ERP for accounting purposes. The students were encouraged to ask questions and clear their doubts during the seminar.

Outcome- The seminar was a great learning experience for the students as it provided them with an understanding of the Tally ERP software and its use in accounting. The students appreciated the efforts of the department and the resource person in organizing such an informative seminar. They expressed their gratitude to the department for providing them with the opportunity to learn about Tally ERP. The seminar was successful in achieving its objective of familiarizing the students with the Tally ERP software.
