

Alumni Cell-2024-25

Throughout the academic year 2024–25, the Alumni Cell of St. Bede's College actively facilitated meaningful engagements between our distinguished alumni and the student community. These interactions not only strengthened the enduring bond between the institution and its former students but also enriched the academic, cultural, and motivational environment on campus. It has been a privilege to coordinate these initiatives and witness the enthusiasm with which our alumni continue to support and guide the next generation of Bedeians.

The year saw enthusiastic participation from our alumni as guest speakers and mentors across various departments.

1. Ms. Ankita Chatterjee, joining virtually from Hong Kong, addressed the Economics Department's Orientation Programme "Navigating New Beginnings." She highlighted her experiences as a student at St. Bede's and explained how her academic foundation in Economics shaped her professional achievements. Her session proved highly encouraging for students beginning their journey in the discipline.

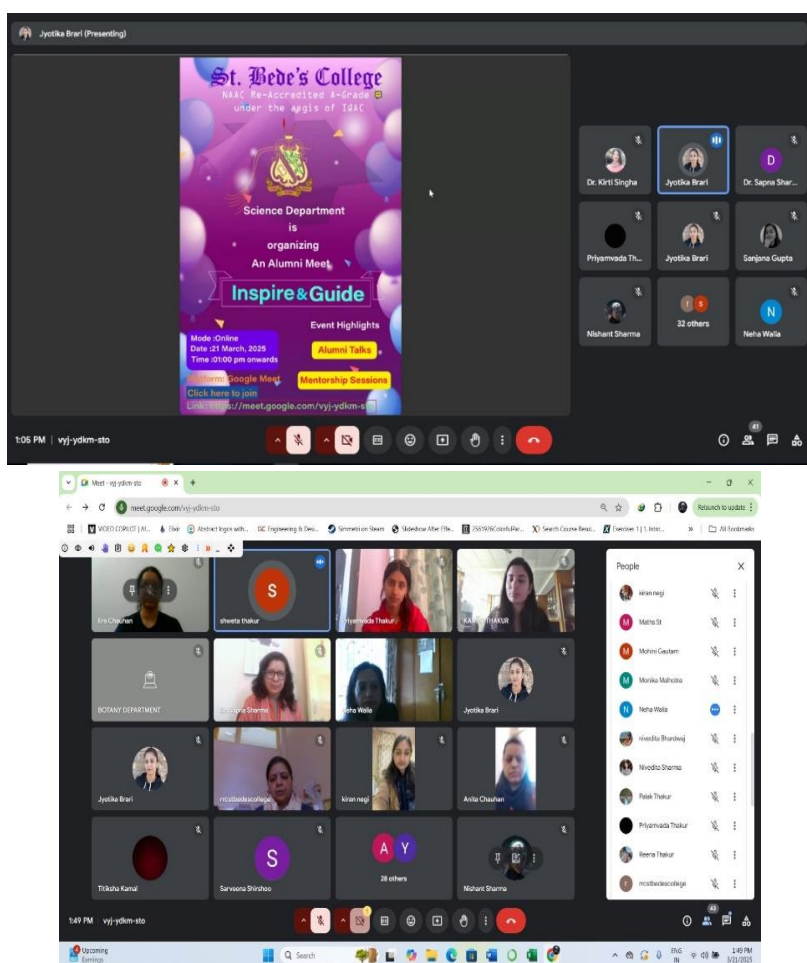

Ms. Kirti Sharma, who recently cleared the prestigious CDS examination, conducted an impactful session titled "Mastering the CDS Exam." She shared her preparation techniques, personal journey, and insights from the Officer's Training Academy, motivating students to explore career opportunities in the defence services with confidence and clarity.

These sessions reflected the college's commitment to creating learning opportunities that draw from real-world experiences and alumni accomplishments.

2 The Department of Science organised an enriching Alumni Meet, which brought together several accomplished former students who shared valuable academic and career guidance with current learners. Notable attendees included: Ms. Era Chauhan, pursuing her M.Sc. in Science and Technology at Harrisburg University, Pennsylvania Dr. Kirti Singha, Associate Professor, Department of Physics, Government College Sanjauli . Ms. Gayatri Deryan, pursuing her Ph.D. in Botany at H.P. University

Their interactive discussions helped students understand higher-education pathways, research prospects, and career opportunities in various scientific fields. The event was deeply appreciated by the department and students alike.

3. Another highlight of the year was the participation of two distinguished alumnae as judges for the Freshers' Welcome Party. Ms. Deepali, Chairperson, Department of English, Himachal Pradesh University. Ms. Kamayani, Principal, College of Fine Arts

Their presence added grace and prestige to the event. They interacted warmly with students, evaluated performances with great insight, and shared encouraging words that reflected their fond connection with the college. It was heartening to see our alumnae return to campus in positions of such professional accomplishment.

The alumni engagements undertaken this year significantly contributed to the holistic development of our students while reinforcing the strong and supportive network of St. Bede's alumnae across the world.
